Forecast for Thursday 25 May 2023

Weather: Sunny spells through today, but with some cloud bubbling up at times, particularly in the afternoon. One or two very isolated light showers possible through the afternoon. Showers dying away in the evening, with sunny spells becoming increasingly prevalent.

Chance of cloud-free hill tops above 600m: 70% increasing to greater than 90%.

Low Cloud and visibility: Cloud generally above the summits, but some scraps of low cloud early on, perhaps close to the summits. Visibility good to start, becoming very good through the morning, but dropping to poor in any showers later.
